Online Forensics Related Educational Document

Dear Forensics Community,

Thank you so much for keeping our wonderful activity alive in these times of social distancing. The OFRED was created to educate participants on best practices when it comes to being both a competitor and judge in online virtual tournaments. May the Lord open your minds to the virtual world of competitive speech and debate.

In this document, you'll find tables and suggestions for **judges** to help you best navigate and participate in the **1st Annual National Online Collegiate Forensics Festival**. As mentioned in the invitation, this will be a **synchronous** video conference style festival held Sat April 25-Sun April 26. In order to accomplish such a task, it will require both competitors and judges to follow the best practices we have suggested.

Each table is a stage in the Online National Forensics Festival process. Each suggestion is a step within that stage. The following pages include guidelines designed to ensure your online round goes as smoothly as possible.

Table of Contents:

- 1) Key Points
- 2) System Requirements
- 3) Understanding 8x8
- 4) Before the Round
- 5) During the Round
- 6) After the Round

Key Points:

- The items in **RED** are highly recommended, and the others are optional but very helpful.
- We recommend going through each stage, step-by-step, in order. Otherwise, you risk overwhelming yourself and forgetting crucial steps.
- During the tournament, Jedi and Bri will be on call and ready to help with any issues you might encounter. You may reach them at: jedicurva@gmail.com & brianna.broadly.22@gmail.com

We thank you all for your participation in this 1st Annual National Online Collegiate Forensics Festival. It is a wonderful way to keep the community connected and still allow our students to share the events they have been working on throughout the year.

Under His Eye,

Jedi Curva (East Los Angeles College) & **Brianna Broadly** (Pasadena City College)

SYSTEM REQUIREMENTS

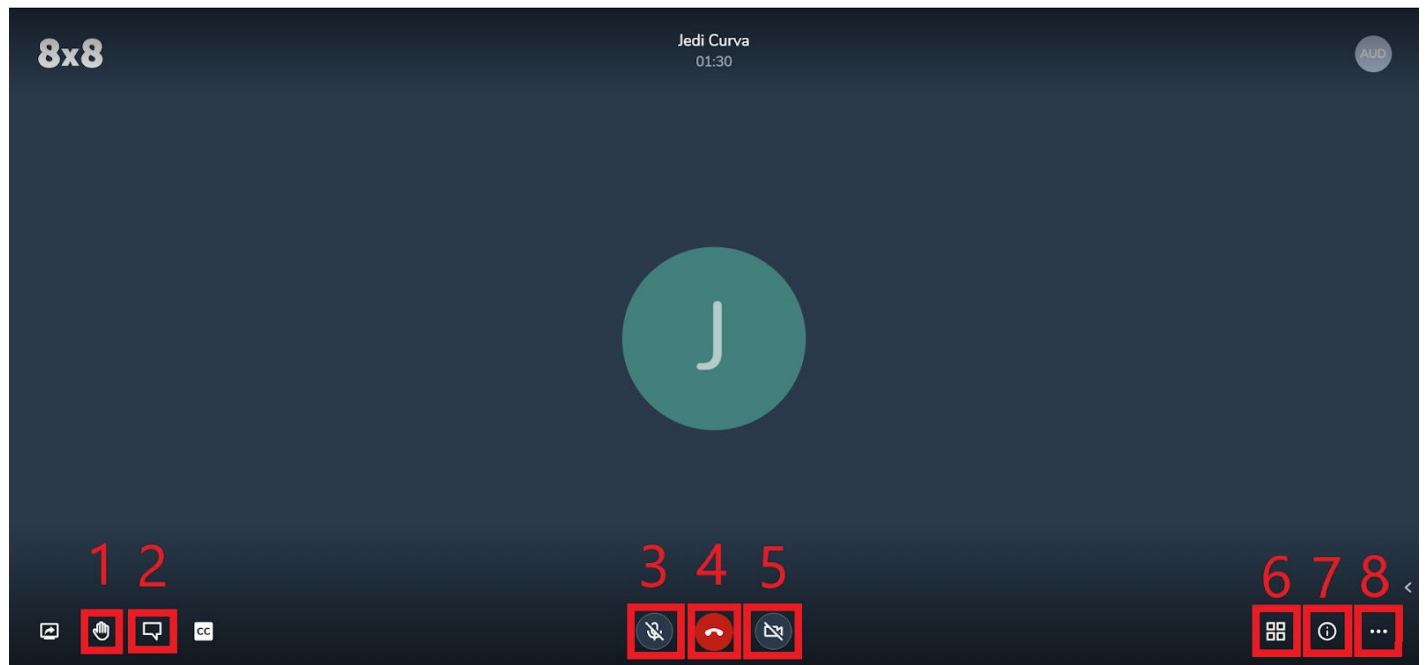

WHAT YOU WILL NEED

ITEMS	NOTES
Laptop	We highly recommend using laptops or desktops w/ microphone & webcam. Tablets and phones are the least preferred options for a few reasons: positioning the camera can be a little tricky; the connection might be less robust; it requires a few more on-screen prompts when using the 8x8 Video Meetings app; moving the device creates a lot of movement on the screen.
Headphones & Microphones	Students are also encouraged to use a mic/headphones since audio quality is much better than with an external mic. Judges are instructed <i>not</i> to penalize students for having mics/headphones on.
Internet Connection	In order for the video conference to work, your internet should be at least 6 Mbps. You can check your internet speed here .
Ethernet Cable - Maximize Connectivity	Plug the computer into the router (i.e. the network device that provides Internet connection) with an ethernet cable. The computer may need an adapter to make this possible. 
Google Chrome	All guidelines were created using this web browser.
Video Communication Software	This tournament will be using the program 8x8. You can download the program here .

SETTING UP 8x8 ACCOUNT

STEP-BY-STEP

NOTES

If your name is displayed as “Guest,” then consider the following:

1. Click “More Actions” (#8)
2. Click “Setting”
3. Click “Profile”
4. Set Your Display Name

IF INTERNET CONNECTION DROPS/POOR QUALITY

STEP-BY-STEP

NOTES

1. Click “Dial-in Information” (#7)
 2. With a cellular device, dial the dial-in number.
 3. Input pin number
- (The pin number is unique for each 8x8 room)

If a student’s/judge’s internet connection drops or audio quality is poor, they will be **required** to call into the video conference room and give their speech with audio only. While not ideal, it will ensure all student’s speeches are listened to by a judge. You can get the dial-in information from the info icon in the bottom right of the screen.

BEFORE THE ROUND

WHAT YOU WILL NEED

A Private Room

Similar to an in-person round, do your best to be in a setting where interruptions may not occur.

Laptop

We highly recommend (**especially all judges**) to use laptops or desktops w/ microphone & webcam. Tablets and phones are the least preferred options for a few reasons: positioning the camera can be a little tricky; the connection might be less robust; it requires a few more on-screen prompts when using the 8x8 Video Meetings app; moving the device creates a lot of movement on the screen.

Headphones & Microphones

Students are also encouraged to use a mic/headphones since audio quality is much better than with an external mic. **Judges are instructed *not* to penalize students for having mics/headphones on.**

“Do Not Disturb”

If your device receives notifications, then consider turning on the “Do Not Disturb” option.

Plain Background

A visually loud background may distract your judge and fellow students.

Keep an extra notepad to write on and keep track of rankings for each competitor. If you type loudly, then consider writing on the notepad first. Then, once the students are dismissed, **quickly transfer your notes to the eBallot.**

If you choose to use your mobile device to watch the speeches, please download the 8x8 video app

NOTES

15 mins before round

JUDGES will receive a text/email with their eBallot link. **Judges should click on that link within 5 minutes of receiving it to indicate that they have “picked up” their ballot.**

CONSIDER CHECKING THE SPAM FOLDER AS WELL.
